

You're Hired!

Wouldn't it be great if you could mix work with fun? And, learn while you earn to advance your career? That's exactly what you'll do in the Arcus Apprentice Program. As one of the nation's top staffing, recruiting and direct placement firms headquartered in Central Pennsylvania, Arcus has developed the Arcus Apprentice Program to train and educate intelligent, energetic professionals like yourself during a three-month intensive learning process.

If you become the Arcus Apprentice, you'll earn \$35k your first year. But that's just the beginning. In addition to a rigorous, yet challenging and highly-rewarding on-the-job training program, you will have the unique opportunity to learn the staffing industry, polish your sales and communications skills, and compete with fellow apprentice team members to earn a coveted spot on the Arcus sales team. Not only will you be mentored and learn the tricks of our trade, but you'll interact with influential members of the community, complete projects and activities - just like you would if you worked for The Donald - and ultimately, build your network and tool box of skills, and play a significant role in our nationally ranked organization.

You're smart, you're energetic, and you're ready for the next step that will set your career in motion. If this challenge sounds intriguing to you and you think that you have what it takes to rise to the top, learn more about us at our Website www.arcus.net.

Among others, we have been recognized as one of the Best Places to Work in PA for 2007 and 2008, named a Fifty Fastest Growing Company, twice landed a position on *Inc.* Magazine's Inc. 5000 List, been honored as Business of the Year, and won four national awards from the American Staffing Association.

Arcus is experiencing record growth! We have more than 100 years of combined experience and expertise in the staffing arena, and to date, have more than 200 employees and are on track to have revenues in excess of \$25 million this year.

Do you have a four year college degree in a business related field? Excellent communication skills, along with the desire to go the extra mile? The ability to work on a team, yet compete for individual success?

Are you the next Arcus Apprentice? Email your resume and salary requirements to HRjob@arcus.net for immediate consideration.

Arcus is an Equal Opportunity Employer and is committed to a diverse and inclusive workforce.
