

consultant spotlight

Congratulations to **Deepak Bhambhani** for reaching an exciting milestone: Deepak is celebrating his fifth year as an Arcus Consultant! Deepak joined Arcus as a Senior Reporting Analyst at De Lage Landen in September of 2004 and has been an integral member of the team ever since. In addition to his solid work ethic and willingness to go above and beyond his normal job responsibilities, he has been considered a true go-to person and has an excellent knowledge platform of the technologies used at De Lage Landen.

We are excited to celebrate this important milestone with him and are truly thankful for his loyalty to Arcus and our client, and for his strong commitment to doing what it takes to make each project an absolute success. That's what it's all about!

Thank you Deepak! Happy 5 Year Anniversary!

"Over the past several years, I've really gotten to know Deepak personally and consider him to be a good friend. He has always been very loyal to Arcus and embodies our culture. He continues to work hard at De Lage, goes above and beyond for his team, and sets very high standards for other consultants to follow."

Alex Dareshuri
Director/Account Manager for De Lage Landen
