It's Official: Arcus Turns 10! *Company reaches an important milestone*

HARRISBURG, PA. (October 26, 2009) – Arcus, an international provider of talent management and consulting solutions, is celebrating a birthday today as it reaches a decade in business.

Incorporated on October 26, 1999 as Staffmasters USA (later rebranded as Arcus), a company launched with three employees now proudly employs more than 200, has 9 offices located all across the United States and one in Costa Rica and has revenues in excess of \$25 million. And, to what is this success owed?

“A fantastic team of hard-working and dedicated individuals – a team that not only works extremely hard to find the best talent and place them in the best organizations, but one that has a great time doing it,” said R. Douglas Firestone, President and CEO of Arcus. “The past 10 years have been a tremendous journey and learning experience. We’ve come to embrace change and have maintained a strong focus on our mission no matter what; to identify and deliver exceptional talent.”

The Arcus team officially kicks off a year-long celebration in recognition of a decade in business. Today marks a day filled with events internally – morning greetings from the CEO, video interviews, a cocktail party and a few other surprises mixed in.

The next 10 years are sure to be filled with their ups and downs as the staffing industry, economy and overall needs of clients change to meet the demands of their organizations, but one thing is for sure: A company headquartered in Hummelstown, PA and backed by a team that feels they work for the best company, will continue to work hard and play hard as they conquer (and enjoy) all that is in store for them.
